## John Anderson - Wed 31st March 2010 Campbelltown Catholic Club

### Staying One Step Ahead

Join us and hear John's inspirational and incredible story of how he created the international brand - Contiki Holidays

John Anderson founded Contiki Holidays in London in 1962 because, at the age of 22, he wanted to travel Europe but didn't have enough money. Under John Anderson's leadership, Contiki became an internationally recognised brand, one of the world's leading tour operators and the largest operator to specifically cater to the 18-35 year old market.
